
metallicity-stack-commons

Release 1.3.1

Chun Ly, Reagen Leimbach, and Caroline McCormick

Feb 10, 2021

CONTENTS:

- 1 Metallicity_Stack_Commons** **1**
- 2 API Documentation** **3**
 - 2.1 Metallicity_Stack_Commons package 3
- 3 Indices and tables** **5**

METALLICITY_STACK_COMMONS

Set of common codes used in metallicity studies that use the stacking techniques

API DOCUMENTATION

2.1 Metallicity_Stack_Commons package

2.1.1 Subpackages

`analysis` subpackage

Submodules

`Metallicity_Stack_Commons.analysis.attenuation` module

`Metallicity_Stack_Commons.analysis.composite_indv_detect` module

`Metallicity_Stack_Commons.analysis.error_prop` module

`Metallicity_Stack_Commons.analysis.fitting` module

`Metallicity_Stack_Commons.analysis.ratios` module

`Metallicity_Stack_Commons.analysis.temp_metallicity_calc` module

Module contents

`others` subpackage

Submodules

`Metallicity_Stack_Commons.others.extract_deep2_data` module

Module contents

`plotting` subpackage

Submodules

Metallicity_Stack_Commons.plotting.balmer module

Module contents

2.1.2 Submodules

Metallicity_Stack_Commons.column_names module

Metallicity_Stack_Commons.logging module

Metallicity_Stack_Commons.update_det4363_info module

Metallicity_Stack_Commons.valid_table module

2.1.3 Common functions
